

SOPHIA LIBRARY
INSTITUTIONAL EXPERIENCE

Client St Columba's College
Contract \$2M
Duration 12.5 weeks
Architect Hayball Architects
Procurement Lump Sum
Working Environment Live operating environment while working adjacent of occupied spaces
Brief

Tandem were appointed by St Columba's College to deliver the refurbishment of the Sophia building. The Sophia Library has been transformed by Tandem into a dynamic, multimedia learning environment. The contemporary design converted a previously large open space into an easy, accessible variety of reading, research and presentation zones. This modern architecture, encourages student engagement and participation. The library is now an energy efficient space, where teachers and information specialists partner to enhance the research, study and social skills of the students, reflecting best practice in contemporary learning.

The library is amazing, I want to live my life in there
