

**WELL ST MIDDLE BRIGHTON**  
RESIDENTIAL EXPERIENCE

**Client** Commercial & General  
**Duration** 15 months  
**Architect** Tectvs  
**Working Environment** New Construction  
**Brief**

Tandem Building Group has been selected as the builder for the Well Street, Middle Brighton residential project, with scheduled commencement for late 2019.

The project comprises of 10 luxury dwellings over three levels and basement carpark, architecturally designed by Tectvs.

The project is an elegant, light filled, minimalist building, with lush landscaped surrounds. The fabric of the built form and its interiors are specified to the highest standards, with a wide range of natural materials, bespoke fixtures and fittings, requiring a meticulous and experienced building team committed to every last detail.

The project captures Tandem's skill in high end quality construction, backed by an expert team in the delivery of these exceptional homes.

The team is well underway in securing the artisans and supply chain partner's to ensure this project is delivered to the highest standards and exceeds client expectations.
